Azure Cost Allocation & Chargeback

Monthly Chargeback Report - Demonstration Dataset

Generated: 26 September 2026
Reporting period: Demonstration period (not actual Azure billing)

1. Cost Summary

Metric	Amount (INR)
Original Cost	1,500.00
Direct Cost	900.00
Shared Cost	600.00
Total Chargeback	1,500.00

2. Department Chargeback

Department	Direct	Shared	Total
AIML	300.00	180.00	480.00
CSE	400.00	300.00	700.00
IT	200.00	120.00	320.00

3. Shared Cost Allocation Audit

Shared Resource	Department	Driver	Percentage	Allocated
shared-platform	CSE	Usage	50%	300.00
shared-platform	AIML	Usage	30%	180.00
shared-platform	IT	Usage	20%	120.00

4. Reconciliation

Original Cost: INR 1,500.00
Chargeback Total: INR 1,500.00
Variance: INR 0.00
Status: PASS

5. Allocation Methodology

Direct costs are assigned to their respective departments. Shared platform costs are distributed according to the configured allocation percentages: CSE 50%, AIML 30%, and IT 20%. These are demonstration allocation weights, not measured Azure usage.

6. Data Disclaimer

This report uses synthetic demonstration cost data. It does not represent actual Azure billing charges. In production, source costs can be imported from Azure Cost Management exports.
